TITLE : ANTITUMOR AGENT CONTAINING
ETHYL
PIPERIDYLACETYLAMINO BENZOATE

ABSTRACT : PURPOSE: An antitumor agent with low toxicity containing the titled compound.

CONSTITUTION: An antitumor agent containing ethyl piperidylacetylaminobenzoate expressed by the formula as an active constituent. The compound of the formula is a well-known substance and has been practically used as a drug having a local anesthetic, antispasmodic and antiemetic actions, and found to have an antitumor action with low toxicity. Therefore, the compound can be administered for a long term. Although administrable parenterally, the compound is preferably administered orally.
